

## Class Descriptions

All classes will hold a final performance on the last day of class

**Become a Drama Kid** - Join in the fun of learning how to play to an audience's emotions so they experience what the actors feel. Younger actors will learn countless acting and drama techniques.

**Costumes Make the Play** – This class is more than playing dress up but just as fun. Learn how costumes make a character and how characters create a story that can be acted out.

**Build a Play** - Begin with creative drama exercises and improvisations. Then, learn how to build them into a performance piece. Acting and improv techniques will be taught. Imagination, creativity and self-expression abound in this class.

**Do a Play - *Buffalo Bill*** - Based on the life of Wild West hero Buffalo Bill, this play features heroes and villains, brawls using stage combat, and of course a happy ending. This is a rowdy, funny cowboy and cowgirl adventure.

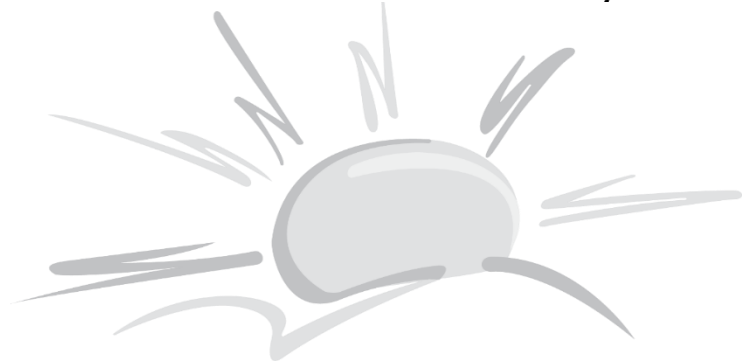

**Do a Musical (the following 2 listings)** - Experience an amazing collaboration with the Drama Department, the Dance Project and the Center of Visual Arts to produce shortened versions of Broadway musicals. This is an opportunity to learn acting and singing, dance and design.

**Seussical** - Adapted from the beloved story *Horton Hears a Who* by Dr. Seuss, this show features Horton the Elephant and a cast of wacky characters in a story of perseverance and love. The show has lots of lively songs and fun action

**Sleeping Beauty** - Based on one of the most treasured Disney animated films of all time, and featuring some of the world's most memorable songs, the show is a delight. It's Princess Aurora's sixteenth birthday, and fairies must use their magic and a prince uses his wits to save her from an evil spell.

**Let's Make a Movie** - Channel your inner Steven Spielberg. Learn the techniques involved in making a movie both in front of and behind the camera. Write, direct, act, and shoot. The class will produce a completed movie.

**Clowning & Comedy** - You can finally be the class clown in this class. In fact, it is encouraged and taught. Slapstick, improv and other comedy techniques will be explored. Make others laugh, and have a lot of fun.
